

Printer's ink on plain paper.

## AMCD COPY-DUPPLICATOR

The modern, compactly designed AMCD revolutionizes the copy-duplicating market. Highest quality copies from a wide variety of originals are produced efficiently and quietly at a rate of 90 per minute (5400 per hour), black on white with amazing clarity. Copies can be made on ordinary 16lb. to 70lb. paper. The paper feeder capacity is 2300 sheets of 20lb. CD Bond or equivalent. Operation is simplicity itself. There are only two steps: 1. Push a

button for the desired quantity. 2. Insert the original. That's it. All copies are precise, crisp and clean. The AMCD is the ultimate in operating simplicity utilizing fast, efficient push-button control. The exclusive A-M Copy Minder allows you to select the required number of copies for the second original while the first is still being processed. AMCD's compact construction and modern design make it an asset to any office, and it comes on casters for easy mobility.
